

# 2022 Residential Rebates Catalog

# Apply online for fast rebates at [pge.com/myhome/erebates](https://pge.com/myhome/erebates)

Pacific Gas and Electric Company (PG&E) offers rebates on qualified energy-efficient products and improvements for your home. When you purchase and install these products, you can save energy and money while reducing your impact on the environment.

Learn more at [pge.com/rebates](https://pge.com/rebates).

## How to apply

- 1. Read** the Terms and Conditions. For energy-efficient product terms and conditions visit [here](#). For Generator and Battery Rebate Program terms and conditions [here](#). These will help you determine if you are eligible for a product rebate.
- 2. Locate** the item(s) that you are applying for in this catalog. Be sure to review the important qualification information.
- 3. Purchase and install** the qualifying product(s) in your home between January 1, 2022 and December 31, 2022, unless otherwise noted.
- 4. Complete and submit** your rebate application online at [pge.com/myhome/erebates](https://pge.com/myhome/erebates). All rebate applications must be received within 60 days from date of purchase unless otherwise noted in the applicable terms and conditions.
- 5. Rebate eligibility and amounts** are subject to change at any time.

**For PG&E rebate process assistance, please call the Smarter Energy Line at 1-800-933-9555.**

## Rebates at a glance

Rebate Code	Description	Rebate

TOU96	<b>ENERGY STAR Smart Thermostat with Time-of-Use</b> for homes with furnace HVAC systems	<b>\$120</b> per household
BW114	<b>ENERGY STAR Electric Heat Pump Storage Water Heater</b> Replaces a 35 to 45 gallon water heater	<b>\$300</b> per unit
BW115	<b>ENERGY STAR Electric Heat Pump Storage Water Heater</b> Replaces a 46 to 55 gallon water heater	<b>\$300</b> per unit
GEN20	<b>Backup Power Generator</b> (Level Rebates: based on retail price points)	<b>\$300</b> per Level 1 (\$0-\$500) <b>\$500</b> per Level 2 (\$501-\$1,000) <b>\$700</b> per Level 3 (\$1,001-above)
GEN21	<b>Portable Battery</b> (Level Rebates: based on retail price points) For customers on the Medical Baseline Program only. Customers dependent on well pumps and small/micro business customers are not eligible for this rebate	<b>\$300</b> per Level 1 (\$0-\$500) <b>\$500</b> per Level 2 (\$501-\$1,000) <b>\$700</b> per Level 3 (\$1,001-above)

### DEFINITIONS:

**A manually operated thermostat** allows user to adjust temperature setting up or down as desired by manually turning a dial or moving a lever.

**Please note:** manually operated thermostats contain mercury which need to be disposed of carefully and properly. To find a safe and free collection site near you, visit [recyclehomethermostats.org/california](http://recyclehomethermostats.org/california).

**A programmable thermostat** uses a built-in calendar and clock for temperature adjustment by day and time.

**A smart thermostat**, in addition to doing everything a programmable thermostat does, is Wi-Fi enabled and automatically adjusts heating and cooling temperature settings in your home for optimal performance.

**Uniform Energy Factor (UEF)** is a measure of a water heater's efficiency. UEF is based on recovery efficiency, standby losses and cycling losses. A higher UEF indicates a more efficient water heater.

## ENERGY STAR® Smart Thermostat

**\$50**

**REBATE** PER HOUSEHOLD

**REBATE CODE: HV396**

**\$120**

**REBATE** PER HOUSEHOLD

**REBATE CODE: TOU96**

### REQUIREMENTS:

- To see the full list of qualifying products, visit the [ENERGY STAR website](#).
- Smart thermostat must be new, replacing an existing manual or programmable thermostat.
- Installation address must have an electric and/or gas account with PG&E.\*
- Only one rebate is available per account.
- Smart thermostat must be installed and connected to Wi-Fi.
- Residence must have a central heating and/or cooling system.

### EXCLUSIONS:

- Smart thermostats already discounted at the point of sale through other PG&E-sponsored programs are not eligible for this rebate.
- Customers who already received a rebate or discount on a qualified smart thermostat from PG&E, a PG&E-sponsored program, or another utility are not eligible.

### ADDITIONAL REQUIREMENTS FOR TOU96:

- Must be enrolled in a Time-of-Use rate plan or agree to enroll in a Time-of-Use rate plan (TOU-C). Learn more about TOU-C at [pge.com/tou4to9](http://pge.com/tou4to9).
- For TOU96 rebate, installation address must have an electric account with PG&E.
- Customers who already received a rebate for HV396 cannot re-apply for TOU96.

\*Customers who are part of a third party program such as Community Choice Aggregation (CCA), Core Gas Aggregation Service (CGAS) or Direct Access (DA) also qualify as long as all other eligibility requirements are met.

## ENERGY STAR® High-Efficiency Electric Heat Pump Storage Water Heater

**\$300**

**REBATE** PER UNIT

**REBATE CODES: BW114 and BW115**

### REQUIREMENTS:

- Select rebate code BW114 if your qualified Energy Star Electric Heat Pump Water Heater replaces a 35 to 45 gallon water heater.
- Select rebate code BW115 if your qualified Energy Star Electric Heat Pump Water Heater replaces a 46 to 55 gallon water heater.
- Electric heat pump water heater must be ENERGY STAR certified at time of purchase and have a Uniform Energy Factor (UEF) of 3.09 or greater
  - Must have a capacity greater than 40 gallons and less than or equal to 55 gallons.
  - Must be new and meet or exceed all applicable local, state and federal standards.
  - New electric heat pump water heater must replace an existing electric-powered water heater.
- For qualifying models, download the [qualifying product list](#). Visit [guide.pge.com](http://guide.pge.com) for online offers.
- Check with your contractor for installation requirements as regulations vary across California.
- Installation address must have an electric account with PG&E.\*

### EXCLUSIONS:

- Instantaneous or tankless water heaters do not qualify.
- New construction (residential development projects, e.g. subdivisions) installations do not qualify.
- Thermal efficiency (TE)-rated households do not qualify; only UEF-rated households are eligible for rebates.
- Gas water heater replacement does not qualify for a rebate.

\*Customers who are part of a Community Choice Aggregation (CCA) or Direct Access (DA) program also qualify as long as all other eligibility requirements are met.

## Generator and Battery Rebate Program

**LEVEL REBATES** (based on retail price points):

**\$300**

LEVEL 1:  
\$0-\$500

**\$500**

LEVEL 2:  
\$501-\$1,000

**\$700**

LEVEL 3:  
\$1,001-above

**REBATE PER HOUSEHOLD**

**REBATE CODE: GEN20 for Water Well Pump Customers and Medical Baseline Customers**

**REBATE CODE: GEN21 for Medical Baseline Customers who Purchase Portable Power Stations/Batteries**

### This program supports the following groups:

- A qualified backup power generator that meets the specifications to pump water for PG&E eligible customers dependent on well-water pumping for their water needs (verified through the [CA Water Agency map](#), if the address is listed in the purple zone, this indicates that the location relies on a water agency and should not have a well pump).
- A qualified portable power station, or portable battery, to help support PG&E eligible customers who are on the Medical Baseline program and rely on medical devices to sustain life.

PG&E customers must reside in Tier 2 or 3 high fire-threat areas as determined by the California Public Utilities Commission on the High Fire-Threat District map at <https://ia.cpuc.ca.gov/firemap>.

### Requirements:

- Backup power generator must be listed on PG&E's Qualifying Product List (QPL)
- Portable Battery (or Portable Power Station) must be listed on PG&E's Qualifying Product List (QPL)

Rebate amounts cannot exceed the purchase price of the product, nor can it include taxes or shipping costs. Customers who participate in PG&E's CARE or FERA Program can receive an additional \$200 if the total Rebate amount which includes the applicable Level amount, does not exceed the qualifying Product's purchase price.

## More ways to save

- Visit [guide.pge.com](https://guide.pge.com) to compare and purchase products for your next energy-efficient upgrade.
- In addition to rebates, PG&E offers a wide range of ways to conserve energy, save money and help the environment. Visit PG&E's Home Energy Checkup at [pge.com/checkup](https://pge.com/checkup) to see where your energy goes, pinpoint problem areas and start on the path to an energy-efficient home.
- PG&E also offers several financial assistance programs for customers in need. Visit [pge.com/financialassistance](https://pge.com/financialassistance) to see if you are eligible.
