

# Let's Make a Clean Sweep!

The Mountain View Public Works Department provides your neighborhood with street-cleaning services twice a month.

## **You can help ensure a thorough street cleaning by:**

- Moving your car off the street before 6:00am on your sweep day.
- Piling leaves away from the curb, and limiting leaf piles to less than 1 foot high by 3 feet wide.
- Removing objects such as tree limbs, rock and debris bins from the street.
- Using your green waste bin as much as possible to dispose of leaves.

Thank you for helping us make a clean sweep through Mountain View!

# City of Mountain View
