January 1, 2013

What Are Cottage Food Operations?

Effective January 1, 2013, a new law, California Homemade Food Act (AB 1616), allows for Cottage Food Operations ("CFO"). A CFO is an enterprise at a private home where low-risk food products are prepared or packaged for sale to consumers. A CFO cannot have gross sales in excess of \$35,000 in 2013; \$45,000 in 2014; and \$50,000 in 2015 and thereafter. A CFO can have one full-time equivalent employee (not counting family members or household members). For more information about CFOs, please visit the Santa Clara County Department of Environmental Health website at www.sccgov.org/sites/deh.
