HOMELESSNESS RESPONSE STRATEGY

The City of Mountain View is seeking your input to create a Homelessness Response Strategy to address homelessness, assist the unhoused and respond to community needs. Take part in defining a clear vision and action plan to guide decisions about goals, actions, funding and programs!

The City is hosting two community forums to give all community members the opportunity to learn more about homelessness in our community and the City's planning process. Attendees will also have the ability to provide input on services and resources needed to serve people experiencing homelessness in the Mountain View.

COMMUNITY FORUMS

Both community forums are open to the public. If you have any questions, or would like more information, contact Homebase at mountainview@homebaseccc.org.
